2025 JOINT PROVIDERSHIP ACTIVITY PLANNING WORKSHEET

Instructions: Please complete this worksheet in full for consideration of Joint Providership of a CME activity with the FSMB. Each question is linked to the appropriate <u>ACCME Criteria</u> designated with a (C) and shown in light blue font. A separate worksheet is required for each activity to be accredited.

I. ACTIVITY INFORMATION

Proposed Activity Title:	
Activity Format/Type	
(Live activity, enduring material, Journal-based CME, etc.)	
Date(s):	
Venue / City, State	/
Estimated Attendance:	
Sponsoring Board:	

Course Director:	
Phone:	
Fax:

Co-Course Director: (if applicable)	
Phone:	
Fax:	
Email:	
Co-Course Director Admin. Assistant:	
Contact Information:	

II. EDUCATIONAL CONTENT PLANNERS and PLANNING PROCESS C7

In addition to the activity course director and co-course director (if applicable), list the names, degrees, titles affiliations and email addresses of all individuals engaged in the design and delivery of the content for this activity. Also, please ensure that each individual listed has completed the required conflict of interest disclosure form prior to his/her involvement in the activity planning process.

Name	Title	Affiliation/Board	Email Address

 1. Who identified the speakers and topics or content for the activity: Course Director Activity Co-Course Director CME Associate Planning Committee Editorial Board Other (provide names):
 What criteria were used in the selection of speakers or content (select all that apply)? Subject matter expert Excellent teaching skills/effective communicator Other:
3. Were any employees of a pharmaceutical company and/or medical device manufacturer involved with the identification of speakers and/or topics?

III. EDUCATIONAL NEEDS AND GAP ANALYSIS

A professional practice gap is defined as the difference between ACTUAL (what is) and IDEAL (what should be) and ideal performance and/or patient outcomes. Please list the professional practice gap of the target audience to be addressed (the difference between what learners do now vs. what you would like them to do)? Ask yourself, "What is the problem in practice?" C2 C3 C5

Professional Practice Gaps ^{C2}	Resulting Topic(s)/Presentation(s)	Desired Results/Outcomes from	Desired Results/Outcomes ^{C5}

			<u>+</u>
			practice Improvement in Patient Outcomes

IV. EDUCATIONAL OBJECTIVES

Based on the desired results of the activity, what are the overall objectives of the activity? Objectives can support the attainment of the desired results listed in Section V - Barriers. C5

Learning Objectives

Based on the need/professional practice gap identified, what are the learning objectives of this activity? These objectives should be measureable and describe the new knowledge, increased competence and /or improved performance you wish to address in this activity. Please use <u>List of Verbs</u> to formulate.

At the conclusion of this activity, participants will be able to:

	Objective		Core Competencies/Physician Attributes							
		Patient	Medical	Practice-	Commu-	Profession-	System-	Inter-	Quality	Informatics
		Care	Knowledge	Based	nication	alism	Based	Disciplinary	Improve-	
				Learning			Practice	Teams	ment	
1.										
2.										
3.										
4.										
5.										

Please be sure to check the ACGME/ABMS or IOM competencies (the physician attributes) that are addressed in the content of this activity. (C6) Check all that apply. The competencies are described as the following:

Patient Care or Patient-Centered Care: provide care that is compassionate, appropriate, and effective for the treatment of health problems and the promotion of health.

- Medical Knowledge: demonstrate knowledge about established and evolving biomedical, clinical, and cognate (e.g. epidemiological and social behavioral) sciences and the application of this knowledge to patient care.
- Practice-Based Learning: involves investigation and evaluation of their own patient care, appraisal and assimilation of scientific evidence, and improvements in their practice of medicine.
- Interpersonal and Communication Skills: demonstrate skills that result in effective information exchange and teaming with patients, their families and other healthcare professionals (e.g. fostering a therapeutic relationship that is ethically sound, uses effective listening skills with non-verbal and verbal communication; working as both a team member and at times as a leader.)

Professionalism: demonstrate a commitment to carrying out professional responsibilities, adherence to ethical principles and sensitivity to a diverse patient population.

System-Based Practice: manifested by actions that demonstrate an awareness of and responsibility to the larger context and systems of health care and the ability to effectively call on system resources to provide care that is of optimal care (e.g. coordinating care across sites or serving as the primary case manager when care involves multiple specialties, professions or sites.)

Interdisciplinary Teams: cooperate, collaborate, communicate and integrate care teams to ensure that care is continuous and reliable.

Quality Improvement: identify errors and hazards in care: understanding and implementing basic safety design principles such as standardization and implications; continually understanding and measuring quality of care in terms of structure, process and outcomes in needs; and design and test interventions to change processes and systems of care, with the objective of improving quality.

Utilize Informatics: communicate, manage knowledge, mitigate error, and support decision making using information technology.

V. BARRIERS <u>C18</u>, <u>C19</u>

Barriers (Select all that apply)

What are the potential or real barriers facing physicians if this need (gap) is to be addressed? What potential barriers do you anticipate the learner may encounter when trying to make the changes this activity is designed to promote?

			,	
		Cost		Lack of Consensus on Professional Guidelines
	H	Formulary Restrictions Insurance/Reimbursement Issues	H	Lack of Time to Assess/Counsel Patients No Perceived Barriers
	H	Lack of Administrative Support/Resources	H	Patient Compliance Issues
		Luck of Administrative Support Resources		r utont comphanee issues
		Other (please list):		
	In this (CME activity, how will you incorporate strategies	to remo	ove, overcome or address these barriers?

	be any additional details that should be considered		
	Registration Fees Commercial Support – will this CME activity re ACCME defined commercial interest to cover al Exhibit Fees/Revenue	ceive co ll or part	
	• Final promotional funding documentation Other (<i>please list</i>):	n will be	provided by the Joint Provider for FSMB files
	OLLABORATION ere other initiatives within your Board/Organizatio	on worki	ng on this issue? Are there other organizations we could partner with

that are working on this issue? If yes, in what ways could we include these internal or external groups in our CME activity to help us address or remove barriers as identified in Section II - Barriers? C18, C19, C22

Are there non-educational strategies that are currently being used that address this issue? If no, what kinds of non-educational strategies could be used to address this issue? C17

XI. ADDITIONAL ITEMS

- The Joint Provider will be held liable in the event the activity incurs a financial loss.
- Notice of CME approval will be emailed to the course director.
- Commercial companies are prohibited from applying for CME credit and must not have any input on the course content or design.

XII. REQUIRED ATTACHMENTS

Please attach the following items:

Agenda for liv	e activity, if available.	Agenda should	contain times.	topics and	potential speakers.
rigenaa iei ni	e aetrity, ii availaoie.	1 igenaa biloala	eontain times,	topies and	potential speakers.

- Evidence of needs assessment/data sources (required for all activities)
- List of proposed companies, and contact information, for commercial support, if applicable
- Proposed Planning Committee contact listing
 - Disclosure and Attestation form for course director and all planning committee members
- Pre-activity budget

SIGNATURES

By signing, I attest that all decisions regarding the planning of this activity have been made without the influence of any commercial company/interest.

ACCME ACCREDITATION CRITERIA

The Accreditation Criteria are divided into three levels.

To achieve Provisional Accreditation, a two year term, providers must comply with Criteria (1, 2, 3, and 7–12). Providers seeking full Accreditation or reaccreditation for a four-year term must comply with Criteria (1–13). To achieve Accreditation with Commendation, a six-year term, providers must comply with all 22 Criteria.

Essential Area 1: Purpose and Mission

Criterion 1: The provider has a CME mission statement that includes expected results articulated in terms of changes in competence, performance, or patient outcomes that will be the result of the program.

Essential Area 2: Education & Planning

Criterion 2: The provider incorporates into CME activities the educational needs (knowledge, competence, or performance) that underlie the professional practice gaps of their own learners.

Criterion 3: The provider generates activities/educational interventions that are designed to change competence, performance, or patient outcomes as described in its mission statement.

Criterion 4: This criterion has been eliminated effective February 2014.

Criterion 5: The provider chooses educational formats for activities/interventions that are appropriate for the setting, objectives, and desired results of the activity.

Criterion 6: The provider develops activities/educational interventions in the context of desirable physician attributes [eg, Institute of Medicine (IOM) competencies, Accreditation Council for Graduate Medical Education (ACGME) Competencies].

Criterion 7: The provider develops activities/educational interventions independent of commercial interests. (SCS 1, 2, and 6).

Criterion 8: The provider appropriately manages commercial support (if applicable, SCS 3 of the ACCME Standards for Commercial Support(SM).

Criterion 9: The provider maintains a separation of promotion from education (SCS 4).

Criterion 10: The provider actively promotes improvements in health care and NOT proprietary interests of a commercial interest (SCS 5).

Essential Area 3: Evaluation and Improvement

Criterion 11: The provider analyzes changes in learners (competence, performance, or patient outcomes) achieved as a result of the overall program's activities/educational interventions.

Criterion 12: The provider gathers data or information and conducts a program-based analysis on the degree to which the CME mission of the provider has been met through the conduct of CME activities/educational interventions.

Criterion 13: The provider identifies, plans and implements the needed or desired changes in the overall program (eg, planners, teachers, infrastructure, methods, resources, facilities, interventions) that are required to improve on ability to meet the CME mission.

Criterion 14: This criterion has been eliminated effective February 2014.

Criterion 15: This criterion has been eliminated effective February 2014.

Accreditation with Commendation

Criterion 16: The provider operates in a manner that integrates CME into the process for improving professional practice. Criterion 17: The provider utilizes non-education strategies to enhance change as an adjunct to its activities/educational interventions (e.g., reminders, patient feedback).

Criterion 18: The provider identifies factors outside the provider's control that impact on patient outcomes.

Criterion 19: The provider implements educational strategies to remove, overcome or address barriers to physician change.

Criterion 20: The provider builds bridges with other stakeholders through collaboration and cooperation.

Criterion 21: The provider participates within an institutional or system framework for quality improvement.

Criterion 22: The provider is positioned to influence the scope and content of activities/educational interventions.

CONTINUING MEDICAL EDUCATION ACTIVITY UNDERSTANDING NEEDS ASSESSMENT AND OBJECTIVES

Needs Assessment Data

The first step in the design of a Category 1 activity is the assessment of the educational needs or the purpose of the activity. A brief "needs" assessment paragraph must be included in your promotional material that summarizes the assessment data submitted with your application documents. The sponsor shall have established procedures for identifying and analyzing the needs and interests of prospective participants. The need or purpose for the proposed educational offering *goes beyond the sponsor's own perception of need and must relate to relevant patient care issues.* This can be supported by:

- committee notes
- continuous quality improvement issues
- evaluations from previous activities
- focus groups
- government
- health policy studies
- incident reports
- journal articles

- patient records and databases
- professional review organization studies
- reports on health statistics/technology developments, etc.
- research
- site visit reports
- surveys

Development of Educational Objectives

While the needs assessment indicates what deficits or insufficiencies will be addressed in the educational activity, the objectives state the educational goals of the activity; that is, what the planning committee anticipates the audience will derive from the activity. Stated learning objectives communicate to the audience:

- what is to be taught and learned
- what will be required of the student
- the basis for evaluating both the student's learning and the effectiveness of the instructional program
- the type and extent of activities that are required for successfully carrying out the learning

The statement of learning objectives also can help the planning committee to think in specific terms and to organize the sequence of the subject matter of the educational activity – establishing the agenda, step 3 in the planning process of an educational activity.

Concrete terms that can form the basis of specific learning objectives:

The following terms to be CONSIDERED when writing learning objectives

The following terms to be elor(Sib Little when writing rearning objectives			
To define	To formulate	To recognize	
To describe	To identify	To relate	
To demonstrate	To illustrate	To report	
To diagram	To integrate	To restate	
To differentiate	To interpret	To review	
To discriminate	To list	To solve	
To discuss	To name	To sort	
To distinguish	To organize	To translate	
To employ	To predict	To use	
To evaluate	To prepare	To utilize	
To explain	To recall		
	To define To describe To demonstrate To diagram To differentiate To discriminate To discuss To distinguish To employ To evaluate	To defineTo formulateTo describeTo identifyTo demonstrateTo illustrateTo diagramTo integrateTo differentiateTo interpretTo discriminateTo listTo discussTo nameTo distinguishTo organizeTo employTo predictTo evaluateTo prepare	

General Terms such as those listed below are inadequate because they are open to many interpretations (they are non-specific) and are not accessible to quantification.

AVOID the following terms when writing learning objectives

To grasp the significance of	To have an awareness of	To internalize	To know
To understand	To really understand	To believe	To learn

CME COURSE DIRECTOR RESPONSIBILITY AND ATTESTATION

The Federation of State Medical Boards (FSMB) is the leader in medical regulation, serving as an innovative catalyst for effective policy and standards. The FSMB leads by promoting excellence in medical practice, licensure, and regulation as the national resource and voice on behalf of state medical and osteopathic boards in their protection of the public. The FSMB Education Services Department will provide support and guidance to potential Continuing Medical Education Directors in the planning and execution of a CME activity.

I. **RESPONSIBILITIES**

The Course Director assumes responsibility of the content of the activity so that it is current, balanced, objective, scientifically rigorous, and free of commercial bias, and the information and advice is the very best that can be offered. The Course Director must also be a licensed MD or DO. Course Director responsibilities include, but are not limited to:

- Documenting a needs assessment with underlying professional practice gaps
- Developing measurable educational objectives based upon the program needs assessment
- Designing educational activity to change competence, performance, or patient outcomes
- Developing appropriate activity agenda tied to the educational objectives
- * Determining the educational method that is appropriate for the setting, objectives, and desired results of the activity
- Defining and overseeing the educational content
- Selecting and confirming faculty to provide current, objective, scientifically rigorous and expert coverage of the subject(s)
- Obtaining disclosure forms from those with control over content, including planners, presenters, moderators/speakers, authors
- Resolving all activity conflicts of interest for anyone with control over content prior to the activity.
- Disclosing to participants all relevant financial relationships of planners, presenters, moderators/speakers, authors
- Providing names and contact information for Planning Committee
- Providing names and contact information for potential commercial interest(s)
- Maintaining separation of promotion and education
- * Ensuring social events do not compete or take precedence over educational activity
- Providing pre-registration and conference registration
- Maintaining attendance records
- Producing and distributing all publicity and promotional materials, course syllabus and handouts, with prior FSMB approval
- Arranging all contracts, including the conference facility, hotels, catering agencies, travel agents, honoraria, and financial support from industry
- Submitting to the FSMB all related end course materials
- Abiding by FSMB policies; ACCME Essentials and Standards; and AMA PRA Credit System Guidelines.

II. FINANCIAL RESPONSIBILITY

The Joint Provider will be held liable in the event the activity incurs a financial loss. The activity Income & Expense Summary will be provided within 45 days of the completion of the activity.

I understand my responsibilities and financial obligation as course director/co-director for this program.

Course Director

Co-Course Director

CME ACTIVITY CONFLICT OF INTEREST DISCLOSURE FORM

All persons who influence the content of CME activities are required to disclose relevant financial relationships with any **ineligible companies**. This includes planners, activity directors, presenters, authors, and administrative staff who participate in the design and development of content, as well as CME Committee members and reviewers who vet and approve proposed content. The intent of this form is to inform planners/presenters/reviewers of their obligations and to support the FSMB in mitigating potential conflicts of interest, thus assuring balance, independence, objectivity, and scientific rigor in all accredited content. If you have had a financial relationship with an ineligible company within the **past 24 months**, you must disclose that financial relationship.

Name:			Activity #:	
Activity Title:			Activity Date:	
Course Director	Planner/Planning Cmte	Speaker/Author/Contributor	Staff	

Identified conflicts of interest will be resolved prior to an educational activity being delivered to learners through one of the following mechanisms 1) altering the financial relationship with the commercial interest, 2) altering the individual's control over CME content about the products or services of the commercial interest, and/or 3) validating the activity content through independent peer review. Learners will be asked to evaluate whether there is bias in the planning or presentation of the activity.

Disclosure

In the past 24 months, I have <u>not</u> had any financial relationships with any ineligible companies.

(If you check this box, you can skip to the Declaration sections at the bottom of this page. If you have, or have had, a financial relationship with an ineligible company now or within the past 24 months, please complete the box below)

Type of Financial Relationship	Name of Commercial Interest/Company	Check The Box If The Relationship Has Ended
Formal Advisor (i.e., scientific boards, review panels, board membership)		
Grant/Research Support		
Speaker's Bureau		
Full-time/Part-time employment		
Consultant		
Ownership Interest (stocks, stock options, or other ownership interest)		
Other (please specify):		

□ I intend to discuss unlabeled/unapproved use of a product or an investigational use of a product not yet approved by the FDA in my presentation. Drugs or products I will reference are:

By checking this box and submitting this form, you agree to comply with the following:

- 1. If I have indicated a financial relationship or interest, I understand that this information will be reviewed to determine whether this relationship precludes my participation, and I may be asked to provide additional information.
- 2. I understand that it is necessary to update disclosure information should my status change.
- 3. I understand that failure or refusal to disclose, falsely disclose, or inability to mitigate conflicts of interest will disqualify me from participating in the activity.

Continuing Medical Education Department

400 Fuller Wiser Road | Euless, TX, 76039 Edu@fsmb.org | www.fsmb.org

- All the recommendations involving clinical medicine in a CME activity are based on evidence that is accepted within the profession of medicine as adequate justification for their indications and contraindication in the care of patients.
- 5. I will support my presentation and clinical recommendations with the best available evidence from current medical literature. All scientific research referred to, reported, or used in CME in support or justification of a patient care recommendation must conform to the generally accepted standards of experimental design, data collection and analysis.
- 6. I will uphold academic standards to insure balance, independence, objectivity, and scientific rigor in my role in the planning, development or presentation of this CME activity.
- 7. I agree to comply with the requirements to protect health information under the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

Additional information may be requested to resolve any conflict of interest.

Glossary of Terms:

- 1. Ineligible Company The ACCME defines an "ineligible company" as any entity whose primary business is producing, marketing, re-selling, or distributing health care goods or services used by or on patients. Providers of clinical services (i.e., hospitals, medical groups, etc.) are not usually considered ineligible companies.
- 2. Financial Relationships are defined as those in which a person benefits by receiving a tangible financial benefit from an ineligible company (e.g., salary, royalty, consulting fee, honoraria, ownership interest such as stocks, stock options or other ownership interest, excluding diversified mutual funds). Financial benefits are usually associated with roles such as employment, management positions, independent contractor, consulting, speaking, and teaching, membership on advisory committees or review panels, board memberships, and other activities from which remuneration is received, or expected.
- **3.** Relevant Financial Relationships are defined as financial relationships in <u>any</u> amount occurring <u>within the past 24</u> <u>months</u> that may create a **CONFLICT OF INTEREST** which potentially results when an individual has an opportunity to influence CME content that relates to the products or services of the ineligible company with which he/she has a financial relationship. It is the obligation of the CME provider to determine relevance.
