

## **DIRECTORY OF PHYSICIAN ASSESSMENT AND REMEDIAL EDUCATION PROGRAMS**

This Directory is offered by the Federation of State Medical Boards (FSMB) as a courtesy resource guide for physicians seeking assessment programs and remedial education opportunities. Programs listed on pages 2 - 4 are third-party collaborators with the FSMB's Post-Licensure Assessment System (PLAS). Details on other programs are provided solely for general informational purposes and not as a referral service.

The information in this Directory has been compiled from information supplied by the programs and other public information sources. The FSMB has made no evaluation of individual programs, content or faculty, and a listing in this directory does not indicate, and is not to be interpreted as, an endorsement or guarantee of the quality of the services provided. Users of this Directory should conduct their own evaluation of the training, experience and expertise of the providers and programs listed.

You may also wish to contact your local, state or national medical specialty organization for information about other programs and courses.

Information may change, and the Directory will be updated periodically. However, we cannot guarantee that all information is current, complete and accurate. If you have updates to existing information, or information regarding other programs not listed in this Directory, please contact Frances Cain at [fcain@fsmb.org](mailto:fcain@fsmb.org).
